

WARRINGAH 20 RUGBY CLUB 17

Annual General Report

President's Report

Phillip Parsons - Warringah Rugby Club President

Dear club members,

I need to start on a sad note... We lost several great Rats this year, Ronnie Davis, Billy Simpson and Lachlan Ward. All great contributors to this club. They will be sadly missed but not forgotten as they remain Rats forever. WRC is now the club others aspire to be, not just in Australia but all over the world. No other club has ever received so much media attention across multiple channels. Our gate numbers this season set new records with several Saturdays beating the Waratahs. WRC enjoys the largest viewing audiences on Channel Seven including both the local derbies. The Grand Final was the highest rating show on the day beating the Sydney Swans and Wallabies vs. All Blacks. Thank you to our club partners; special mention to the Bayfields and Crawfords for their ongoing support. I want to acknowledge all our key community partners including our sponsors, Hillbillies, FOW, and the 100 club. They have all invested in our club in 2017 and will do so in the years to come. That investment is deeply appreciated and I want to thank Northern Beaches Council, with a special mention to Mark Ferguson, Ben Taylor, Damien Ham and Allison Cooper. Without our fantastic facilities we couldn't serve our Rugby community the way in which we do.

Key Points for 2017:

1. WRC won the Nick Farr Jones Spirit of Rugby award, presented at the John Eales medal
2. We raised over \$40,000 for charity, we have grown our community engagement by over 40%, with even bigger and better events in 2017.
3. Emily Robinson has stepped into a fulltime Northern Beaches Rugby Development role that we are co funding with NSWRU.
4. Northern Beach's rugby hub with NSWRU
5. Club rugby tour to Chile to play and support local communities. On the field, we won the Noddy Sawtell Cup, Grant Andrews Shield, Mounties Cup, George Smith Cup and the Bayfield Shield. We are also: 1. Shute Shield – 1st Grade competition premiers 2. Jack Scott Cup – Women's competition premiers 3. Henderson Shield - 3rd Grade competition premiers 4. Coach of the year was awarded to Darren Coleman 5. Australia's most successful men's and women's 7s teams
6. Next year we host the National Club championship at Rat park (against the winners of the Queensland Competition) it will be live on Foxtel.

All of this has been achieved standing on the shoulders of the many that have gone before us and those that support the club in many ways today. This year your board remained firmly focused on the business of Rugby with over 50 meetings throughout the year to ensure the commercial and strategic positioning of the Club stayed on track. We kept to our budget and we stayed financially viable. In 2017 we created wonderful memories and legacies but also through adversity we were reminded that we are a family and this is our community.

Treasurer's Report

Stephen Rubie - Club Treasurer

Dear club members,

Please see enclosed the 2017 financial statements for the Warringah Rugby Club. I would like to thank Luke Holmes for all his work in administering the club and I have very much enjoyed working with him to deliver this solid financial position. Also thanks to our bookkeeper Judy Thomas who has managed our financial affairs throughout 2017, as always we appreciate her assistance in pulling together the yearly statements. We have had a fabulous year on and off the field in 2017 with the on field performance translating into higher home game patronage and Food & Beverage revenue. The additional home games through the finals series have made a significant positive impact on our performance. The local derby accounts for approximately 12% of our total annual revenue and this year we were fortunate to have 2 of them. Even without the addition of the home finals series the club has continued to establish a sound financial platform and diligent operating basis. As previously reported our finances are structured across the 4 main operating areas of the club.

- Administration (fixed costs)
- Club Operations (variable costs)
- Rugby Expenses (Players Coaching and team on the field costs)
- Game day (P & L items associated with operating food & beverage)

The clubs admin cost base has been essentially flat over the operating period and we continue to rely on our fixed revenue sources of sponsorship to cover these fixed costs and allow us to grow our full time rugby development commitments. We once again thank our tremendous sponsors who underwrite our clubs operation particularly during the off season. We continue to refine the reporting and management of our variable and game day expenses to optimise the efficiency of our activities in these areas. Our cost line continues to grow to support our objectives of player development and community engagement with the support of Friends of Warringah we have continued to refresh the gym equipment and our website. The investment in people has been significant through 2017 with the General Manager, Head Coach, Physio and now the Development officer all sharing space in our administration office. In the interests of being easier to do business with the club now accepts regular electronic transactions via the web portal or EFTPOS machines. We have established a consistent budget process and the budget adopted for 2018 is conservative against the exceptional performance of season 2017. Our commitment to; our juniors, schools program, 7's program, representative Rats, developing our staff and players, charities and community engagement program all remain a key focus of our support. Once again we couldn't put successful rugby teams on the paddock if it wasn't for the commitment of all our stakeholders, sponsors, players, members, Friends of Warringah and volunteers. We are always grateful for their support. Reflecting on last year's report my comments at that time were that 'we had the financial platform to underpin our aspirations of excellence'. Having achieved some of those goals in 2017, we are in a financial position to reset the goals and go again for season 2018. Go the Rats!

General Manager's Report

Luke Holmes - General Manager

I'm still pinching myself that we've got three premierships teams this season and that as a club, we are stronger and more determined than ever before. As the GM, a lot of my focus this year has been around the health and welfare of our club. To say 'it's been quite a year' is nothing but an understatement. We've navigated uncharted waters and of all the fractured hearts oscillating in chaos, the fact that ours could collectively break together as we said goodbye to some of our most treasured loved ones, has really left an indelible impression not to mention a huge hole. Amidst deep tragedy and pain, we've found and experienced some of our greatest moments and dare I say, it's really exposed the fabric of who we really are. That kinda sums up this (rugby) year for me. Yes, the success on the field has been outstanding, the growth and development off the field has been completely mind blowing. We've had packed crowds (the biggest in the comp!) at home games, we've had requests locally and internationally for sports administrators and the like to come and volunteer, intern and/or merely watch and learn, we've had record breaking media and press and a resounding interest from local community bodies to jump on board and be a part of the action, but for me? Our biggest "trophy", our wildest accomplishment and our deepest pride is that we've fallen forward together, as one and as a family- and there's nothing, absolutely nothing, more important than family.

Community Report

Whilst the 2017 season may be over, our community engagement and support is an all-year round focus that we passionately keep chipping away at. This year so far we've raised more money for charity not to mention have spent countless hours sowing into the likes of sporting programs, school sports initiatives, community needs and breaking new ground in girls rugby.

Fortunately for us, it's these endeavours alongside a thriving and successful cohort of players who've performed well this year, that have somewhat captured the hearts and the adoration of young and old alike within the community. They're not looking up to the Super Rugby stars so much, but rather their local heroes who've shown them what hard work, discipline and team spirit can achieve.

This year we've been busy. Here's just a snapshot of what our players and members have been up to:

- Running rugby programs at both Wakehurst Primary School and Pittwater House on a week-to-week basis, which has proved to be a valuable and worthwhile cause.
- The Warringah Rugby Club has taken on dual funding of a Northern Beaches based development officer. Emily Robinson will lead this as we ensure all juniors get the opportunity to learn and grow at playing rugby. Emily has just returned from the Womens Rugby World Cup, but she won't be wasting anytime as she will head straight into our local schools and lead Warringah initiative in growing rugby across the beaches.

– The Warringah Rugby Charity Lunch hosted by The Newport was a resounding success. Just under 160 sponsors and community folk attended. The lovely Erin Molan once again MC'd the lunch which was a treat and the event itself is fast becoming quite the annual event everyone looks forward to. We were blessed with beautiful weather once again and a captive, generous audience who faithfully dug deep once again to give to causes much in need. This years' beneficiaries included Bear Cottage, Man Up , Mums for Mums Newport and Gotcha for Life.

– We started the "Dalton Green Cup"; a wonderful initiative for young girls wanting to play Rugby. It attracted a bunch of new recruits whose new found passion and love for Rugby will see them continue in the game

– We've had a lot of our grade stars aligning with village clubs to help out at training, gala days, presentations and events. What's been a tremendous testament to our commitment in this area is the amount of players who've pursued involvement in these village clubs without being asked or expected to. This tells me 'community' is well and alive within our Club.

Getting amongst the action and giving back is fundamental to our success and ongoing plan to improve the Club. Yes, we've had a lot of success on the field this year, but we want to be a Club that is always going forward, lifting the bar, always getting better and never getting stagnant. Striving to improve and go beyond expectations is one of the keys to ensure we're not settling. Being focused on how we can give back is one of the many things we're committed to doing.

Here's to a huge 2018 where we back up, keep growing and creating more memorable experiences with each other, for our sponsors and supporters and get Rugby back on the map where it should be.

Sponsorship Report

Our Sponsors are the lifeblood of our Club and are a huge reason we are able to conduct the community engagement we have at such a deep and intricate level. Their funding, which has grown 30% since last year has allowed us to co-fund a development officer - which I know has already been mentioned however, we are the only Club in Australia who are doing this. The sponsor's investments have also allowed us to grow grass roots rugby, women's rugby and heighten the bar of what experience we can create for our supporters on game days. Many are looking to us to emulate the footprint we've created for club rugby and it's all been made possible through the commitment and loyalty of our 50 sponsors.

Chile Tour Report

Ryan Trbojevich - Tour Leader

January saw the club undertake the biggest and most comprehensive tour to date taking a total of 32 players and support staff to South America, a destination visited briefly before in 1989. It's the latest destination visited under the 'books and boots' tour guise following other successful trips to Kenya, Cuba and Sri Lanka. The tour charter laid out by Phil Parsons and Pete Hammond is open to all and is based on the 3 principals of;

1. Touring to non traditional rugby nations developing our own skills, spreading the game and sampling what they have to offer.
2. Self development by giving our time to the local community wherever it is needed, just like at home.
3. Travel to new places, working hard as a team in organising the trip, and ultimately experiencing the ups and downs with our best mates.

Our first week was spent in the Bio Bio region of Chile about 5 hrs South of Santiago de Chile in the capital of the Province called Chillan. The first day was started with an official engagement at the Town Hall meeting the Mayor, who doubles up as the country's FIFA delegate, so his warm attitude to Rugby Union was certainly a surprise. The Ratettes team then spent the remainder of the day in a small town called Bulnes with the local ladies side performing Rugby clinics and spending time at a children's home entertaining them with some very ordinary Zumba performances. The Rats meanwhile held age group clinics at the university of Bio Bio throughout a very long and hot day. This also included an impromptu seminar at one of the lecture theatres in which Mike Sheeran, Ben Bidencepe and Tour Captain Dave Feltscheer answered questions from the crowd on all aspects of Rugby from training, nutrition and even how to deal with internal club politics!!

It was at this junction we began to understand how passionate and aspirational they are about the game. The long day culminated in the Rats training with Pangué RC, the team we were to play in the following days. This wrapped up close to midnight and they insisted on taking us out afterwards for a BBQ dinner... We now fully understood the necessity of a siesta! Our community work was done at the Maria Ayuda home in Chillan, an orphanage and place for youths from disaffected backgrounds. Adam Bate, Hamish Finch and Tim Poynting used their individual trade backgrounds spending a couple of days preparing by meeting with the centre manager, getting the scope of work, planning the works as well as purchasing all the necessary equipment. This was done with the help of Ignacio Molina, a player from Chillan who spent the off season with us at Warringah. In short the entire house had a makeover to make Scotty Cam jealous! The 3 team leaders had everyone in different groups working on separate projects around the house. The entire house was painted and landscaped, a veggie garden was created, cupboards repaired and made (in some cases) and the big fish was a new pool purchased and installed.

Continued next page

The kids loved getting involved and having some weird Aussies come into their lives for a day and do some stuff! This was the first time we have undertaken this scale of work without the assistance of a registered charity or someone who has pre planned all the work. It was a monumental achievement by the touring party and something we all knew was making a direct impact. Well done to everyone and I'm still incredibly proud of what was achieved.

The games of Rugby in Chillan went the way of the visitors for both the mens and ladies teams but that didn't stop the locals from having a great day and showcasing what Rugby can be.

A short 3 day rest in the beautiful port town of Valparaiso was had before heading back to Santiago where more clinics were held leading up to the main Rugby match against premier club side Santo Tomas. It was a tough encounter played at the National Rugby ground high above the city in the Andes foothills. The haze which slightly obscured our view from the ground was due to the country being ravaged by bushfires, the worst in a century. A moments silence was had before kickoff in respect and remembrance of those affected. This was the idea of the Rats and the Australian Ambassador was very much behind the sentiment and gladly arranged this on the spot. Drew Dainer from the Australian consulate was a huge help throughout the entire tour and was so close to playing the game with us. Unfortunately old injuries prevented him from taking the field. Before the main game the Rattettes played a round robin with Chile A and Chile B, both very tough games in very hot conditions coming out on top in both fixtures. The crowd were on their feet at times with the physicality and skill of the games and were met with a standing ovation at the conclusion.

The Chileans although coming off second best in all games decided that they must show us the best nightspots in Santiago, a request no traveller can turn down and particularly since a lot of those people had become good friends to us throughout the tour.

Upon reflection of the trip, it was personally the best experience I've had with WRC tours. We've certainly raised the bar to a new height. The calibre of person on the trip was outstanding, everyone checked their egos at the airport and certainly rolled their sleeves up on the trip. Out of the 29 players on the tour, 18 went on to be on the field winning a premiership this season for the club. It's no surprise in my mind as these tours have a way of displaying a different side to why we play for the green and white jersey!

Many many thanks to Lilin Tay for all her hard work negotiating fees and fares late in the night for so many months prior to the trip. Hamish Finch and Pierce Howell for all their hard work pre tour, as well as Mike Sheeran and Erin Morton for their leadership on the ground.

One helluva tour!!

Sevens Report

Mark Holmes - Sevens Manager

The 2017 7's circuit was both demanding and rewarding. A squad of 26 players started training mid November 2016 preparing for the tournaments in February. The playing conditions ranged from a blistering 42+ degrees in Hamilton, to a very overcast, cool and windy 18 degrees at Kiama. At Hamilton, two mens and one women's team represented. Lake Macquarie and Kiama were represented by one mens and ladies team. The men were expertly coached by Greg Marr, assisted by Darren Coleman, winning two of the three tournaments, only to be just beaten in the Hamilton final. Peter Hammond skillfully guided the women to three finals wins from three starts. As a result of our accumulated wins both the men and women were ranked No. 1 Sevens squad for the second year in a row. This would not happen without our sponsors who have enabled us to go about our business with complete professionalism, far above any of our opposition. The squads could not perform to these elite standards without the small army of helpers who feed, hydrate and keep sugar levels up. Thank you so much.

TOURNAMENTS:

Hamilton: Mens Final lost to Fiji Endeavour 26-14 Womens Final won against Hunter

Lake Macquarie: Mens Final vs Cannonball Warriors Fiji won 19-5 Womens Final won against UQ

Kiama: Mens Final vs Manly won 17-0 Womens Final won vs Qld Uni

A special mention must go to Kerrie Holmes. Kerrie for the past three years has done so much work ensuring the travel requirements and game day is all looked after and that our players receive the best we can offer.

2017 Australian Sevens Representatives and wider training Squad Members:

- Boyd Killingworth
- Daniel Martine
- Michael Adams
- Sebastian Wileman
- Tom Connor

Volunteers Rat Pack Report

Lindsay Gordan - Volunteers Manager

While volunteer numbers only slightly diminished from previous year, the core of the volunteers remained steadfast. The period at beginning of season proved to be challenging as job allocation varied widely with the inclusion of paid workers in some of our traditional roles and those volunteers had to be moved around to unfamiliar areas to work in. We as a group overcame that with a little bit of organisation and slowly introduced all the volunteers to the various roles. That gave us the ability to allocate the volunteers after mid-season to where they were needed without putting them under strain of not knowing what to do.

We believe this gave them some variety which they all appreciated. Moving forward for next season we would like to build up the numbers a little to help the club to reduce their paid workers further, and to increase the quality of experience for the supporters of the game/club. The stats for the Rat Pack Rounds 1-16; Total recorded hours 196; average of 8 volunteers a game; average 17 kilo of sausages cooked per game; average of 8 Kilo of bacon cooked per game; average of 40 eggs fried per game; somewhere around 140 cars parked on average a week; assistance with the gate & merchandise sales.

Semi Finals: Total record hours 72, with an average of 13 volunteers (with the help of the Rattetes) 20 kilo of sausages cooked; 10 kilo of bacon cooked; 48 eggs fried. Around 600 car parked each game. Above represents a saving to the club for paid workers @ \$15.00 an hour of around \$4,000.00.

Rays Games: Total recorded hours 40, average of 5 volunteers.

A great effort of giving back to our local community club.

Welfare Report

Phil Jackson - Welfare Director

The scope of welfare has a club wide focus and responsibility. Whilst the playing group are the major group in focus our responsibilities extend to volunteers and families. Within the playing group needs will vary and particular needs arise with new out of town or interstate players.

Welfare for the playing group applies, but is not limited to, the following areas:

- Squad & team
- Accommodation
- Work & education
- Social
- Mental health wellbeing.

In my role as Welfare Director I look to enhance and strengthen the support structures already in place at the club. This season has been a tremendous challenge but out of this there have been amazing achievements on and off the field. Out of adversity the club has achieved three premierships and risen to be stronger and closer than ever before. For next season we look to enhance our welfare support at the club further.

This will include: • Appointment of a welfare officer for Colts • A pre-season club briefing from Lifeline on mental health wellbeing and looking out for one another. • A Chaplaincy framework of support across the club.

If together we can support each other and buy into the new initiatives, the club will be strengthened further for the new season. Go the Rats!

1st Grade Report

Darren Coleman - WRC Head Coach

Obviously 2017 was a memorable season for all involved. The scenes of 5pm, August 26 from North Sydney Oval can only be topped by the internal emotions & feeling of sheer elation and satisfaction from the players, staff, board & supporters.

There weren't too many dry eyes in the stadium. We started the season with a catch cry of "53". 53 years of the clubs existence had it yet to win the major premiership of the Sydney / NSW Rugby Union. We gathered the initial of "LW" as a further motivating symbol along the way and although much has been said and written of the passing of our mate Lachie Ward, I will once again highlight the courage and bravery showed by the Ward family and in particular Sam, our spiritual captain. It was something I will remember, admire and respect for the rest of my life. One of the points we spoke of as a team by the time we arrived at the "big dance" was the amount of "big" games we had played along the way. Big - in the sense of occasion & pressure, Big - in importance to the ladder or survival and Big - in terms of crowd. The Rats faithful are the best supporter group in the Shute Shield and the envy of other teams in the League, We regularly play in front of multiples of thousands while some others in front of multiples of tens. The first "big" game was Round 1 @ home v last year's defending premiers, Norths as the TV game of week. We went down to a kick after the bell and although hurtful at the time was all part of the process which led to us eventually beating the same team a remaining 2 times and taking the title from them at their home patch. The first half of the season we poked along, always within the top 6 but never rating anyone's mention as a genuine premiership threat. We had some good performances including wins v Souths (R6) and although lower ranked teams Gordon (R2) & Parramatta (R8) we played at a pass mark level. We capped our share of humble pie in this first 9 rounds too, including being overwhelmed at home v The Woods in Rd 4 & Rd 7 v Uni away we were run down from behind, we also scratched out a last minute draw v Easts in Rd 9. All in all we showed glimpses but in mine and many others opinion never thought we had the DNA at this stage to be there at the end. This all turned in our Rd 10 "big" derby v Manly at Manly, it was the game at which time the team began to believe. Most importantly we defended like a championship team holding out a previously undefeated Marlins on their home field. Our attack was still a little inconsistent but we defended with toughness. Lachie passed away tragically the following week v Randwick, this game was ultimately declared a draw later. From here the group combined the steely resolve it found v Manly with a genuine purpose and from this point our season continued its upward curve.

We were scratchy after a break at home in the LW tribute game vs Penrith but then clicked to beat a very strong Super Rugby filled Randwick at a full Coogee and moved to 2nd on the ladder and we became the real deal. We went on to tear Easts and Sydney Uni apart the next two weeks at home and things were flying. We hadn't tasted defeat in over 2 months. Again humble pie was served up on two consecutive weeks and although not planned for, it was a good realisation that this was the tightest field in a Shute Shield in a long time and we had some aspects of our game to still improve on under pressure. We lost to Manly at home in another massive derby all the while increasing our big match experience and Souths away in consecutive weeks, both opposition were top 3 and genuine premiership chances. Round 18 needing to beat Norths at Norths was the mission and to lock in a top 3 spot and home semi. Rat Park was a fortress and we wanted to be playing our first week of playoffs there. We played very well that day in what turned out to be a dressed rehearsal for the GF and secured the home semi and had momentum going into the finals. Week 1 of playoffs v Randwick at home, they were no match – we dominated them in every aspect securing a 50 plus point victory. We then rolled onto the biggest derby in history at Rat Park where it looked as though Manly were losing momentum. The winner had their spot in the big day and it was a magic day of Rugby. All roads lead to North Sydney Oval for August 26. The Grand final was epic, if you want to win a competition I like the idea of winning a genuine battle and it was exactly that, the lead changed hand numerous times, The rest is history as they say. I must thank the many people who made this happen and all possible and everyone who contributed in their own special and unique way. The WRC Board and sponsors started everything, Luke Holmes as GM, the expertise and passion of the coaching group in particular Damien "Turtle" Cummins, Ed Doyle & Justin Purl, all were immense and well supported by the other coaches in the club who enabled the flagship team to achieve what it did. Head 1st Grade Manager Dicky Harris, who is a special human and provided a good sounding board, positive reinforcement and balance for all involved. His assistant Damien Schaffer but also all the team managers at our great club who give their time selflessly to ensure everything was covered on game day and training nights. The skill and knowledge of our Performance Staff, Strength & Conditioning led by Dan Tilley, Doctor Tom Harwood and Head Physiotherapist Francesca Faulkner were second to none. The fact we had 29 of our top 30 players available for the big day was a testament to their expertise. The guys at the pointy end of the Friends of Warringah (Brendan Paddison and Stephen Doyle) showed us how well the club was supported and the team meant to its people of the Northern Beaches. The players were an outstanding bunch of young men, all at differing stages of their Rugby careers and off-field lives but gelled as brothers, worked incredibly hard and played with a spirit and passion you rarely get to witness in sport. The elected 4 man leadership group of Captain Hamish Angus, Vice-Captain Sam Ward, Luke Holmes and Dave Felstcheer, were exactly that – leaders and a pleasure to work with. I must not get through this report without thanking not only my beautiful wife Paula, but all the partners of the players who give up a lot. To only be home to put my children to bed 2 nights per week is one of the major sacrifices that families make to be a part of a Shute shield 1st Grade team. Thank you to all that followed and contributed to our journey as I said providing great joy and satisfaction to thousands. I and the team hope you'll be there with us again in 2018 as we work even harder to go "back to back" Sincerely, DC.

2nd Grade Report

Dan Brown - 2nd Grade Head Coach

The future of the Rats is in good hands when reflecting back on the 2017 season for the 2nd grade Rats squad. Although falling short of our ultimate goal of winning the premiership there were still many highlights both individually and as a squad. This year's group was mostly a young squad, with a few old heads to assist. When it clicked the squad showed the talent they possessed, including comprehensive victories over Eastwood and Southern Districts at home and a gutsy victory at Sydney Uni, just to name a few. The 2nd grade competition was a tough fought competition with the table being extremely tight and with some tough losses where we failed to finish teams off or allowed other teams to get good starts we finished in 5th position just 2 wins off top spot showing the closeness of the competition. We came into the finals with confidence but came up against a red hot Syd Uni team that we put under pressure but couldn't get the win. Although extremely disappointed not to be playing for the premiership, a sign of this team's commitment to the club was shown by every member of the squad continuing to turn up to training over the following weeks to assist and support the first grade squad who would ultimately went on and win the premiership. I know this was greatly appreciated.

Congratulations to our Best and Fairest player Jerry Lemalu and also to the clubs Rookie of the Year, Andrew Davies who both had outstanding seasons and big futures ahead of them. I would like to thank my co coaches Manny and Dan Geurs for the support and effort they put in throughout the season. I know all members of the squad greatly appreciate it. To our wonderful manager Mike Sheeran - thank you. It is people like you that make the Rats the unique, special club it is. To all of the other volunteers that continue to turn up and help, thank you. To the medical staff - without you our club doesn't run, thank you. To our families that continue to support all of us we really appreciate it so much.

To our incredible General Manager Luke Holmes, I would like to personally thank you for your effort and commitment to the club. Special mention must go to you for making my family and I so welcome here. Again it is people like yourself that make this place the unique and amazing place it is. Finally a special thank you to the first grade coaching and Management group - Darren Coleman, Damien Cummins, Justin Purll , Ed Doyle, Dick Harris and Jason Grier; it has been a pleasure to work with all of you throughout the season and we can all be extremely proud of what we achieved.

3rd Grade

Adam Donkin - 3rd Grade Head Coach

This year 3rd grade was led by Captain Jack Slack-Smith, vice captain Louis Anderson. What a season we had, with some highs and some lows but I think this brought us all together.

The year started out with a good pre-season trip to Orange where the whole lower grade formed a really good feel for the playing group and kick started us into round 1 with a good win to get the ball rolling. After the first 5 rounds, we only lost 1 game. Through the middle part of the season we had ourselves sitting well at the top of the ladder and after the full 1st round of the comp we were 11 wins and 2 losses with those 2 losses only by 7 points or less. With a fair few changes week to week, I don't think we had the same side for 2 weeks the whole year, and using 35 players all up for the year.

One big thing for the year was beating Sydney Uni in both games since they were the ones that had beaten the side in last years' Grand Final. Coming into the finals and only just missing out from being minor premiers by 1 point the boys knew they had something special building and made a call that there were not 15 of them on the field but 16, which I think lifted them to another level.

Our last 3 games were our best of the season, with the Grand Final vs Manly our best all season. To produce that, is pretty special and made the season even sweeter. Finishing the season with 17 wins, 3 losses and 1 draw. Not a bad effort from them. Special mention must go to some of the guys from 4s and 5s that turned up every week to training and filled in for guys that couldn't train because of work commitments or injured, so thank you. Our managers Nigel Wagstaff and Mike Sheeran: the work you do that no one sees, thank you so much. JK, Murray Hopper and Turbo, cheers guys, it was a bit rocky at the start but we got it working quickly and I had a great time working with you.

3rd Grade PREMIERS - GO RATS

4th & 5th Grade

John Kelly - 4th Grade Head Coach

Firstly I wish to highlight that group of players who turned up each week and trained hard, supported their teammates and unfortunately received limited game time over the season. Your enthusiasm was infectious and your grace despite the disappointment, was a credit to each of you. Guys like Tom Condon, Mitch Jones, Junior, Lachie Grant, Cam Milling, Thibaut, Brad Williams, Cael Carmont, Owen Chun, Dallas, Caleb, Joe Taleqa and Connor Milham. That's a pretty fair slab of talent who pushed the others to achieve higher each week.

Secondly how good were our management crew this season! Mike, Nigel and John thank you so very much for your organisation, your intelligent chat, and your empathy towards the players and coaches. It was a privilege to have you all on board and assist the coaches. Turbo you were fantastic. You jumped in to help me coach under tragic circumstances and your knowledge of the game and love of the Rats shone through to all the players. You have made a real difference mate. My third 'coach' Benny Benson; team captain, line-out thrower extraordinaire, try thief at the back of the maul, and no-nonsense individual. Thanks Benny.

To the third grade coaching staff of Donks and Murray; well done on winning the comp. Scotty Reid your advocacy and support for the lower grades was tremendous. To all the third grade players for your unstinting upbeat nature and togetherness which carried you through the year. Lastly to all my players for your drive and determination to be better each week, your unfailing commitment to each other and your ability to endure and grow as men over a season in which you were faced with many challenges. Wheats was again our B&F. His toughness and refusal to 'go down' with injury and continue to battle for higher grade game time is a lesson to other players with more talent but poorer attitude. Tom Donnan was a revelation; unsurpassed line-out skill, dogged determination, and low alcohol tolerance. Scogs you magnificent bastard you. Great reward for high level consistent performances. Presto and Harty for stepping up off the bench and really adding hugely to the team performances. Finchy as reliable as ever. What a complete club man this guy is. Jordan Reid; how lucky we were to have a guy with your size and talent playing in fours. I'm glad you got on the pitch in the GF. Bryce Renneman; a breakout year. Your attitude and thirst for knowledge was excellent. Ditto brother Jake. You stepped up this year and your ability to play different positions was invaluable. Big, bad Del; your desire and take no prisoners approach rubs off on the younger guys. Blackie thanks for returning and making a huge contribution with your level head and experience in tough situations. Norrish-I hope that getting back on the field has fired you up to have a big season in 2018. Petey Barratt, we missed you brother when the lure of Europe took you away. Matt Wedlake is simply a powerhouse in attack and defence. Adam Bate; glad we were able to ease you back into rugby and prepare you for thirds glory!

Our backline was fortunate to have been served with three really talented no.9's; Lachie Grant, the mercurial Tom McGain, who then became a revelation at 15, and Pat Curtin who was an absolute try scoring machine and powerhouse across the field. Ethan Borula for your skill and knowledge, not to mention humour, Jordie Meredith who has talent to burn and a deep understanding of the game, Sean Davies; 'the Mechanic', who's wonderful attitude and nature are infectious, Mambo; what a personality and what a thirst for knowledge he has. Gez played more direct but still had the ability to dazzle and contribute wholeheartedly to the team. Bill Simpson who I have always had a lot of time for given his commitment to run hard and put his body on the line. Morgan Wagoner; so talented and willing to step-up and lead in a new environment. Benji Marshall as usual gave everything on the field and it was a pity injury cruelled your season. Mac you crazy little bugger, who plays every game above his weight. Matt Considine was simply terrific for us this season and we missed you during the finals mate. Jake Vale for your versatility and positive response under tough conditions over the season. MJ your enthusiasm, attitude and understanding exemplifies a team player. Mike Dalton, when not at music festivals, made a massive difference to our team on and off the field.

There were wonderful cameos across the season from Nathan Daly, Pat Beck, Will Sheehan, Matt Arnold, Oliver Nutbeen and Jackson Stariha. Each of you made a difference to our season guys. Lastly Lachie Ward. I am still filled with sadness and disbelief Lachie. I tear up occasionally thinking of you mate.

You are all worthy of acknowledgement given the season you have had. Special thanks to Jacko and Gez for your off field endeavours. The trip to Orange especially made our season even more memorable. All future seasons should involve a trip to the bush to bring the lower grade group closer together in such a way.

Warringah Colts Report

Wayne Condon - Colts Director & Simon Kacimawai - Head Coach

- 2017 was another improved performance by our Colts. All teams were very competitive against every club with 2 reaching the finals. That said the program did not reach its potential and a full strategic review has been completed. The outcomes of which are fully into the planning stage at time of writing this report.
- We are very pleased to have retained Simon Kacimawai as head coach for the 2018 season. Below is his overview of 2017
- Recruitment committee has been appointed and first information night on the 7th of September was a great start to our 2018 plans
- Andrew Kemp will take on a new role as Colts welfare officer. I congratulate and thank him for his continued support
- DC and Luke will again be heavily involved
- Will finalise our 2017 review process once the player reviews have been completed

2017 Warringah Rats Colts: The 2017 season for the Colts started pre-season in November 2016 with a new coaching group comprising of Matt Crawford, Greg Lee, Tom Impey, Greg Marr, Scott Gourlay, & Simon K, with assistance from Clive Nettleton and an enthusiastic core of new and old players returning from 2016. Andy Kemp duly accepted the nomination of Colts Manager, scorer, linesman and 'sideline acrobat' for all 3 teams with Ed Doyle in charge of skills-extras. Ben Bidencope in charge of S&C with Jules Harrison looking after rehab and physio.

Colts had not played finals footy for several years and the coaching & playing group set an early goal to reach finals across all 3 grades. Early numbers of 40-50 players were encouraging with a number of new and old faces turning up before the first pre-season trials. The pre-season trip to Armidale with 3 wins from 3 games was a highlight, being able to experience fantastic country hospitality and a new appreciation for that 'other' winter sport 'boat racing'. Rumour has it Wes Thomas has been looking at property in the Armidale area and now favours RM Williams as his first choice footwear. Last minute wins against Eastwood by 2nd and 1st grade Colts, two wins over arch rivals Manly by 1st Grade including a 51-12 drubbing to retain the George Smith Cup for the 2nd year running and the unique and special bonding between Jackson Maish and Simon K on the infamous return bus trip from Forshaw Park were other season highlights.

Interruptions were frequent due to short/long term injury to key players, overseas trips, music festivals, sicknesses, AWOL's and representative duties. Special mention to Greg and Tom for having the most difficult role as 2nds coaches – stuck between the 1sts self proclaimed playing legends (just ask most of them) and the thirsty thirds, having to deal with late selection changes, fresh reserves and regular player changes instigated largely by the 1's coaches. Congrats are due to Colts 1's who left it until round 18 with a great win over Norths to confirm a first finals appearance in a number of years and to Colts 3's for making the finals as early as round 16. Colts 1's finished 6th, 2's finished 8th and 3rds finished 5th, ~72 different players played Colts rugby this season, roughly 20 ended up either injured, MIA or needing permanent counselling after returning on the bus from Forshaw Park. All Colts teams played some magnificent rugby in 2017 and the club can be confident the legacy the departing 2017 Colts players leave behind gives the next group of players every opportunity to go one better in 2018.

Special thanks to Condo, Luke Holmes and Darren Coleman for their support during the season.

Rattettes Report

Erin Morton

Season 2017 was a triumph on and off the field for the Rattettes. We started the season with the large majority of 2016 players lacing up the boots for another year and added some quality new players that contributed to the teams results and culture in a very positive way. Our performances built as the season progressed and going into the finals there was a quiet confidence within the team. We knew that to lift the cup for the first time since 2013 we would have to get past Parramatta in the semi-final and then beat an undefeated Sydney Uni in the Grand Final. The ladies put together the full performance against a physical Parramatta team and went through to the Grand Final with a big 34 - 7 win. Grand Final week was as stressful and enjoyable as ever. The team prepared well and most importantly got their heads in the right space to give the GF a big shake. And shake it they did...! The Ratties arrived at Boronia Park ready to rock and played out of their skins, handing the students their first defeat of the season 21 - 17.

The 3 weeks after the GF win were full of merriment and Rat love (some days a little too much merriment...) It is a testament to the inclusiveness of the club and of the support the ladies receive to see over 30 Rattettes (current and retired) on the hill at North Sydney Oval yelling themselves hoarse for 3rd and 1st grade in their respective Grand Finals. Like all that have worn the Green and White we struggled through some highs and lows this year. But what gets us through the lows is the knowledge that we are a part of the Warringah Family and that intangible prize is worth more than all the Grand Final trophies in the world! And as that hill on Grand Final day displayed, the friendships you make playing this great game for this outstanding club last a lifetime. Thank you to everyone who contributed to a great year, let's do it again in 2018!

Juniors Report

Sue Barry Cotter - Juniors President

Junior rugby is alive and well in Warringah.

Numbers have not changed too much which is promising but there is always room for improvement. There has been an increase in girls playing rugby – which is very encouraging. The increase in girls playing is the result of hard work by a one or 2 people at each of the village clubs with support, always willingly given by the Rattettes.

The momentum started with the girls 7s gala day earlier this season which the Rattettes attended, helping with coaching, refereeing, redoing the draw and virtually running the whole day. There are 45 minis teams being under 6s to 9s across the 6 Warringah village clubs of Collaroy, Dee Why, Narrabeen, Newport, Pittwater and Wakehurst. The minis competition with Warringah and Manly is, accordingly to SJRU, the best run minis competition in the Sydney area something we should be proud of. To see the joy on the faces of these young players as they score a try (even if it is over the sideline, and not the try line) reminds you of why we are all involved in rugby.

There are also 45 junior teams in older age groups of 10s to 18s across the 6 village clubs. The junior representative teams played earlier this season and the majority of age groups improved on last years performance. Plans are already being made for next season with pre-season training and the aim for further improvement in 2018. The link between the Rats and the junior clubs is continuing to grow each year. Support with coaching and rugby clinics grows junior rugby within our district.

When attending the Rats home games there are always kids running around in their village colours enjoying the wonderful atmosphere created at the Rats home games. Junior rugby, like all sports, is run entirely by volunteers. From the committees at each of the village clubs to the coaches and managers of each of the 90 teams that we have within Warringah, to those who run the canteens at each of the clubs. That is a lot of people giving up their time for junior rugby. Junior rugby would not be what is today without the assistance from all those people. Junior rugby is set to grow more following the wonderful success of the Rats this year, not just the 3 grand final wins by the Rattettes, 3rd grade and 1st grade but also the achievements of each of the other teams and the club as a whole.

Bring on 2018!

Friends Of Warringah

Brendan Paddison - FOW Treasurer

The Friends of Warringah ("FOW") was reformed in mid-2010. As of October 2017, we have close to 50 contributors (the names of each of the FOW contributors can be found on the Rats website – www.warringahrugby.com.au) and in the last seven years we have raised close to \$300,000.

What has your FOW membership contributed to in 2017?

The major expenditure for 2017 has been as follows:

- Financial contribution to establish the new Rats Academy for junior players between the ages of 14 to 18 years over the 2016/17 Summer;
- Upgraded a couple pieces of gym equipment and purchased some training gear for the Club;
- Made a financial contribution to our two Wallaroo representatives, Emily Robinson and Evelyn Horomia to assist them in representing Australia at the 2017 World Cup in Ireland;
- Table sponsor for the Women of Warringah charity lunch;
- Contributed to the cost of upgrading the WRC website;
- Funded the Rats History DVD Project (see below); and
- Financial assistance to relocate some of the interstate and overseas players.

Rats History DVD Project

In December 2016, the FOW commenced a major project on behalf of the Club.

The broad overview of the project is to produce a 45 to 60 minute DVD that records the first 50 or so years of the Club's history. With the assistance of a father and son film crew, Lindsay and Jesse Frazer, we have undertaken over 40 individual interviews with various Rats past players and officials. The FOW thought it was important that the Club records its history and the Club's establishment is documented. This is a major project the FOW has undertaken on behalf of the Rats and the premiere of the DVD will be announced sometime in the next few months. Watch this space!!!

Rats Grand Final Assault DVD

Friends of Warringah have produced an outstanding memoir capturing the lead up to and the day of the Shute Shield Grand Final 2017. It's a stunning compilation of well documented events, emotions, recollections and memories that gives a behind-the-scenes view of what will go down in history as one of Rats' most remarkable days.

A perfect Christmas gift and must-have memento for the ultimate Rats fan!
