

WARRINGAH RUGBY CLUB

2023 ANNUAL REPORT

THANK YOU 2023

A year to remember:

- 204+ players registered for the Warringah Rats in 2023
- 58+ coaches, managers and volunteers supported our great Club
- 36 sponsors and community partners supported Warringah Rugby this season
- Successfully hosted twelve events across the calendar year, including 9 Shute Shield Competition Rounds, 2 Finals Series weekends and the 2023 Sevens By The Sea Tournament
- All 9 home matches at Rat Park created a match-day atmosphere for our local community and fans
- Over 10,100+ spectators entered Rat Park throughout the season. 3rd highest in Sydney Shute Shield Rugby
- Sydney Rugby Union recorded a crowd increase of 31.43% across Shute Shield Competitions
- 9780 people watched our Rats take on Manly on Free to Air TV at Pittwater Rugby Park
- Warringah Colts were crowned Club Champions after the regular season the first time since 1999.
- 8 Rats players reached Warringah Rugby Club milestone game records
- Warringah 3rd Grade Colts finished third
- Warringah 2nd Grade Colts reached the grand final & finished second
- Warringah 1st Grade Colts won the Grand Final and finished 1st

PRESIDENTS REPORT

Sue Barry Cotter

The 2023 season was a season of mixed results. Our Women's team had an improved season and just missed out on the finals and it was wonderful to have several of our players pull on the Waratah Women's jersey and congratulations to Emily Robinson and Lellani Nathan for being selected in and playing for the Wallaroos. Plans for our womens change rooms have been finalised and were on public display with an anticipated commencement date for construction of May 2024 to be completed by the end of the season.

Our grade teams had a mixed season on the score board but the spirit around the club was still positive despite the results. A few highlights for me were first grades heart stopping win against Easts in round 5, 2nd grade win after the bell against Souths at Souths in round 4, 3rds great win against Eastwood at TG Milner in round 8 and 4th grade game against Souths in round 16 with Warringah upsetting the front runners Souths in a very entertaining game. Third and Fourth grade both narrowly missed out on the finals which was a great effort as there seemed to be a different team every week due to injuries through out all our grade teams. Congratulations to Sateki Latu who has signed with Moana Pasifika for the 2024 super rugby season.

I want to thank Mike Ruthven, and his family, for everything he has done for Warringah Rugby over many years. Mike had the difficult, interrupted COVID years and we wish him every success as he takes on his next challenge with the Waratah Womens. Also Greg Marr, who has fulfilled I think nearly every position in the club and who was a great asset to me during my first year as President. I hope to see you both on the sideline.

Colts had the most successful year for the club in several years with 1st, 2nd and 3rd colts minor premiers! 3rds unfortunately missed out on the semi final, 1st and 2nd colts both played in the finals with 2nd unlucky and 1st winning on the bell.

Both were excellent games of rugby. Several of our colts players have made representative teams including Archie Saunders and Junior Alatini in Junior Wallabies.

Our legacy of 7s players continues with Conor Hickey in the Aussie's sevens squad with Josh Roberts who is returning to Rats in 2024 after a stint at Two Blues also in the squad.

Thank you to all the coaches, managers and support staff who worked so hard this season to get our teams on the paddock each week.

Our junior teams also had a positive season both in 15 a side and 7s with under 14s finishing 3rd in the 15 a side State Championship final. Congratulations to Lewis Wilson selected in Australian Under 16s.

We are also working with Council on a masterplan to upgrade several parts of Rat Park starting with the women's change rooms, with public toilets on the eastern side near the can bar being the next major project once the change rooms are finished. We are also working with Council on several smaller upgrades in the coming years.

I would like to thank Lilin Tay for her time as Treasurer over the last 6 years. The club had a strong financial year this season and events and functions for the 2024 season are being finalised so stay tune for a calendar release.

The future is looking positive for Rats. We welcome Josh Holmes as head coach assisted by Boyd Killingworth, Mark Gerrard and Tetera Faulkner. We also welcome Jack Gooding as our colts head coach and Nick Brown as womens coach.

Page 1

Our first game back at Rat Park will be our 7s tournament on Saturday 17 February 2024 before trials in March and season start in April.

Looking forward to seeing you on the sidelines at Rat Park.

TREASURER REPORT

Lilin Tay

Building on FY22's commitment, the Board and management worked tirelessly to make solid progress on several of our key priorities, one of which was to strengthen and ensure financial stability and sustainability in the current macro environment.

I am pleased to announce that we have delivered a profit of \$37,733 for Financial Year 2023; reflecting a 40% uplift on prior period.

Whilst revenue inflows have contracted from prior year, we have delivered on our cost optimisation promise across majority expenses line whilst still growing the rugby program.

- Gross Income contracted (4%) predominately driven by lower game day and events, one off FY22 revenue, partially offset by increase in sponsorship revenue
- Governments assistance/grants received reduced by (57%) compared to prior years
- Total Expenses contracted (7%) driven by
- Optimising efficiencies in the office, club operations and game day expenses.
- Partially offset by +2% increase in rugby expenses, clearance of prior period invoices and write offs (+\$12k)

Full FY23 Financial Report that has been reviewed by Assura Group Pty Ltd is available to members.

The management and Board also delivered on our commitment to self fund the rugby development uplift which was heavily funded by contribution from FOW and fund raising events in FY22. Shout out to Greg Marr, Jake Letts and Luke Holmes for stepping up to the challenge this year to deliver on Board's initiatives for continued revenue stream uplift and efficiencies despite the various disruptions this year. The good work will enable the club to increase our rugby development commitment in the build up to Season 2024.

I would like to thank our volunteers, sponsors, Friends of Warringah (FOW), members, supporters, service partners, and the wider Rats community for their contributions that have enabled the Club to continue operations and meet our commitments.

Lastly, reflecting on the last six seasons on the Board, it's been a great experience and would like to thank the Board and management that I have worked with. Highlights include navigation of financial challenges during covid years, optimising efficiencies and clean up of the club's financials to ensure that we deliver on solid and sustainable financial position.

Looking forward to seeing Board and Club continue to deliver on our strategic priorities.

Lilin Tay

GENERAL MANAGER

Jake Letts

Firstly, I would like to start to say a big thank you to all previous GM's who had paved the way and shaped the club where it stands today. Most recently, Greg Marr for ensuring my first season in the role was in a strong position and of course the Board of Directors Sue Barry Cotter, Luke Holmes, Lilin Tay, Todd Marks, Debbie Benefield and Richard Horne for all your ongoing assistance.

It's been a wild ride in my first season back at Warringah Rugby, I was fortunate enough to play eight years at the club from the age of 10 to 17 as a Rats Junior before making my way through colts and grade. I'll be forever grateful for my playing days at the Rats. May, 2023 and five rounds in, I officially returned as the Club's General Manager.

The 2023 season like many roads in rugby had its ups and downs, nonetheless it was proud season to be involved in with the Club. I thoroughly enjoyed getting to work closely with Mike Ruthven and his coaching staff as well as the Colts program led by Josh and Boyd and of course Kyle and Erin with the Women's. A big thank you to Emma Playford and Belinda Youell, both instrumental behind the scenes to ensure the Club's operations were staying across all of our day-to-day activities.

From an events operation perspective, the Club was able to host thirteen major events across the season. A big thank you to the all the volunteers led by Lindsay Gordon and his team, Bruce Killingworth, Brian Ferguson and Phil Jackson. You all make Rat Park the best venue in Shute Shield rugby. All our game day staff were fabulous.

On the rugby spectrum, Grade had its challenges, some great wins and some heartbreaking losses, our Women's Program had steady improvement and Colts recorded one of their most successful seasons to date.

It was great to witness crowd numbers continue to flock to Rat Park regardless and of course the weather was always a win.

Top Try Scorer: Colts - Kaia Gate

From a management perspective, it's no secret good people make great clubs and Warringah Rugby isn't short of this kind.

Some special thanks are extended to Brad McIntosh and the Northern Beaches Council for always making our backyard the best venue in the competition. To all our loyal sponsors and partners, for investing into the Club and making the green and white better each and every year. To Brendan Pattison and the Friends of Warringah for always being a pillar of support alongside the king of the hill, Daz. To Robbie Miller and Nigel Wagstaff, your on going knowledge, assistance prior to game days and support has been extraordinary. Jack Nettleton and Caleb Hopping for always stepping up to assist around events has been amazing. Great clubmen you are.

To all our supporters, you are the backbone of a great club, we look forward to having you back for the next season.

Lastly the Rats is in good hands with Warringah Juniors and Rats Rising coming through, thank you all who invest in this crucial component of the club, this keeps our best talent in green and white.

I look forward to the 2024 season, see you at Rat Park!

Jake Letts
General Manager

VOLUNTEERS REPORT

Lindsay Gordon

Our season started early this year with a Sevens tournament late February, won't say it was all sunshine this year, but compared with last season it was a stella year weather wise. Must say each year brings on new and different challengers, which our core team of volunteers seem to take in their stride and rise above the challengers set before them, my admiration for these wonderful people is beyond just words. They say volunteering is its own reward, so our team @ Warringah Rugby Club must be the most satisfied people on the planet, they just keep on giving. Thank you all from the bottom of my heart.

The Rat Pack provided support for (16) events this season matching the record number of games as last season.

The "Michael Lee Volunteer of the Year" award winner Robin G Tapp who manned the BBQ plate for the full year, and I believe there were no casualties reported, which is an achievement, his infamous assistant Grahame ran a close second in the number of hours behind the BBQ. But Robin edge him out for the Honors due to lack of casualties.

We welcomed a new team in the office this season, and I can report that they were well chosen, and I am looking forward to where they can take the club moving forward. Special mention to Phillip Parsons for joining the Rat Pack this year, would have been impossible to cover car park without him, I will mention that he bought and installed the road base that filled the hole at cark park gate, I'm sure members and visitors appreciated your efforts.

Just a few stats on volunteer's performance:

- Over 750 hours of time donated.
- Over 1500 Sausages given a suntan.
- Over 2100 Eggs over cooked.
- Over 200 kilos of bacon burnt to a cinder.
- Over 1300 paying supports shown how to park in the car park.
- Over 18000 supporters welcomed at the gate.

Below is list of our core volunteers.

Crombie Pitts; Grahame Daley; Ian Thomas; Kim Hogarth,
Lindsay Gordon; Louise Feltscheer; Matthew Pike,
Phil Feltscheer; Phillip Parsons; Rob Schippers;
Robin G Tapp & Vivian Jackson.

Cameo appearance from Brian Francis with special thanks.

Michael Lee Volunteer of the Year - Robin G Tapp

WELFARE REPORT

Phil Jackson

The scope of welfare has a club wide focus and responsibility. Whilst the playing group are a major focus our responsibilities extend to volunteers, staff and supporters. Obviously, our Grade teams were unsuccessful this season in not making the finals, however this was offset by stellar performances in Colts culminating in 1st Colts winning their Grand Final.

During the season support was provided to those players who either reached out or who were identified as needing assistance.

This year we held a Theatre Sports Grandstand workshop on Respect (nee DV) for grade.

This was a unique insight via sketches by actors of real-life incidents and was very powerful, a big shout out to NSW Health who covered the cost of the workshop. Mental Health Workshops and courses are planned for the coming season, these could not happen without support of Head above Water and Gotcha for Life for which we are extremely grateful.

This upcoming season our Grade welfare group is strengthened with the addition of Richie Trist who has come up from Colts. Richie brings a wealth of experience and will be an asset in our work. We are always looking to enhance and strengthen the support structures already in place at the club.

When supporting players in any capacity it is a reminder to me that everyone matters, no issue is too small not to discuss. If we can support each other in 2024 through the welfare initiatives, then the club will be strengthened further.

Go well, stay safe and in contact.

Go the Rats!

1ST GRADE

By Mike Ruthven

It is always forefront of my mind to acknowledge the continued support this rugby club receives from its loyal network. Sponsors, Friends of Warringah, Members, Hillbillies, Volunteers, and the wider Rats community, on behalf of 1st Grade thank you for the generosity, loyalty and commitment you show each and every year. As always, it is never lost on us how important and impactful this support is in relation to the success of the club.

It is no secret that 2023 was disappointing when looking directly at results. A season that presented us with great confidence after playing finals footy in 2022, another strong off season around player retention and some exciting new additions to our coaching team. Ultimately, I wasn't able to take advantage of everything that was aligning positively for us and translate that into success on the field for the players and coaching staff. No one felt the burden of our disappointing results more than I did and that responsibility must sit with the Head Coach.

Some narrow loses to strong opposition in rounds 1 and 2 were significant when unpacking the momentum of the team in the first half of the competition. The players had worked hard over pre-season, had bought into the work we did around our "Tobruk" theme for the year and had a strong belief in how we wanted to play the game. Hindsight's a wonderful thing and perhaps two wins early on reward the players for the hard work they put in and the course of the season looks very different to how it unfolded.

Despite results there are always positive things that we can celebrate and be proud of. Andrew Davies managed to be one of only two players competition wide who played every minute of every game in 1st Grade this year. A credit to his consistent performances, his durability and his passion for the team and the 1st Grade Jersey. Wes Thomas was a standout week in, week out and some of his efforts and numbers in games were unbelievable.

The club was proud to watch Sateki Latu make his Super Rugby debut, Witika Rees-Hatu, Oskar Enasio and Dillon Marov all graduated from the 2022 Colts cohort, and all contributed positively to the 1st Grade team at different times throughout the season. Ben Marr re-joined the group after his Australian 7's experience and again was a key figure within our group.

Conor Hickey returned from Overseas and was rewarded with an opportunity with the Australian 7's program only to have that interrupted by an unfortunate injury in only his 1st game back with us. Sam Thomson returned after valuable years of experience with Edinburgh Rugby and in the Japanese Top League. We welcomed Martin Mulhall, Harvey Elms and Christian Townsend to Warringah Rugby Club, who all contributed positively to the club and the team.

I would like to pay special mention to Charlie McKill who was rightly named captain of the team for 2023. Charlie is a great man, well respected and thoroughly deserved his appointment. In a challenging year for him personally with some bad injuries, he showed a huge amount of courage and resilience to play through weeks of pain, in order for him to fulfil his commitment to the team. Charlie was staunch in his belief and his passion for the team despite what was happening on the field.

As I alluded to earlier, 2023 brought great excitement with the addition of Scott Fardy, Sam Lane and Matt McGoldrick to our coaching team. I would like to extend a huge amount of thanks and appreciation to all 3 of these men who joined the club and had a significant impact on the payers and the wider rugby program. We unfortunately said goodbye to Fards after 10 rounds. He was lucky enough to pick up a full-time professional opportunity in Ireland with Connacht Rugby.

A very special thanks to Matt McGoldrick who stepped in and took on more responsibility within the group and made some positive changes to certain aspects of our game. To Nick Piva-Giblett and Geoff Toovey, a huge amount of thanks for their many years of dedication, professionalism and commitment to the program and the club. Two great men who have played a huge part in making the Rats a better place both on and off the field.

Thanks to James Brodie and his team for their work around our S&C program. James is a generous man and extended his commitment to the club with the use of his gym and his facilities at his farm for our pre-season camp.

Hillbillies Award: Charlie McKill

To our managers Robbie Miller and Greg Gerrard, true professionals, and bloody good men. Your influence is significant, and I love working with you. To our doctor Tom Harwood, what a selfless generous man. Goes above and beyond the call of duty and we are lucky to have such a professional and experienced man looking after the welfare of our players. To Wardy and Timmy from Physioward for ensuring our playing group was well looked after and back on the field as quickly as possible. Many thanks for your professionalism and care towards our players. To all our lower Grade coaches, thank you for your tireless efforts, fierce dedication to your teams and your support of the players, its greatly appreciated.

Warringah Rugby Club is a proud club with a rich history.

It will bounce back, and I have no doubt 1st Grade will be back to where we wanted to be, expected to be and worked hard to be in 2023.

2023: 1st Grade

2ND GRADE

By Jordan Merideth

In 2023, the 2nd grade team had a very eventful and frustrating season that correlated in many games going down to the wire and too often losing by half a nose!

Throughout the season, The players put in tremendous efforts against the teams who ended up in the top 4. Against the eventual competition winners, A charged down kick in the last 2 minutes against Sydney University was an awful way to lose 12-7. Similarly against the arch-enemy Manly Marlins, We were unable to hold the lead in the final 5 minutes conceding a late try in both home and away fixtures.

Later in the season, the 2nd grade team found another heart stopping way to lose against the Hunter Wildfires, the team scored 5 tries to 3 and missed all conversions and lost 28-25. The 2nd grade squad showed this season that they are determined to succeed and have developed the Warringah Rat Spirit of 'Never Give In' attitude which will provide success in 2024.

To single out a few individuals, the coaches would like to acknowledge the efforts of the 2nd Grade Captain Guy Rees and his ability to keep the team spirit high and continued positivity by sending the group with a few autumn and spring hot tips.

We would like to acknowledge a few players who have played a significant role in the 2nd Grade over previous seasons and 2023 likely being their last.

Thank you to Robbie Nelson, Mojee Veremalua and Andy Lloyd, you have earned the respect and gratitude of all the coaches and players by the way you performed and sacrificed for the club over the last 5 years. We all wish you the very best in the future and hopefully see you at Rat Park.

Lastly to Greg Marr, Thank you for all your sacrifice and dedication for the club which you have invested in over the last 10 years. The support and guidance you have provided to all the volunteers, players and coaches is a testament to the person you are and the loyalty you have to all the good people within the club. Personally, it has been a pleasure to play for you and this season to coach beside you, I will miss the regular phone calls and life advice that you have offered.

To wrap up the 2023 review I will leave you with a Quote from the great man- Greg Marr.

'Any questions, see Greg. Any complaints. Call your mother. Any issues. See a shrink'

2023: 2nd Grade

3RD GRADE

By Ben Swain

The 2023 season for the Warringah Rats 3rd grade was one that was a rollercoaster throughout, with great triumphs and tough losses all across the season. The 3rd grade had high hopes leading the season off with an emphatic 21-7 victory over eventual title winners, Randwick, at home with 5 yellow cards by the end of the game. This led into the constant ups and downs within the season, with tight, tough losses to Sydney Uni and Gordon in the early rounds.

The next few weeks eventually saw the pack split with the Rats slipping being away from the top 6, with success against lower placed sides but struggling to consistently put a 70 minute performance out on the field week in and week out. This led to a tough first round battle of the beaches, with several outcomes allowing Manly to sneak by with a 19-10 result with what can only be described as a heroic effort from players across the full 22. This moment led to a sense of rejuvenation for the lads, with a 34-25 toppling of eventual finalists Eastwood away from home that gave the team a boost, only to be handed a tough day at the office by an outstanding norths team in round 9.

The midway part of the season saw the Rats encounter some success, pushing past two blues and west harbour to position themselves within striking distance of the top 6. A round 12 battle with easts saw the Rats play with 1 bench player, and having 6 3rd graders amicably fill in for a heavily depleted 4th grade, showed the heart and dedication this had to the jersey and to the club.

A round 14 matchup with Gordon was to be the best result of the season, with the Rats putting a stunning 70 minute display together to topple Gordon 34-21. In a tight end of the road, with 3 games to go in the season, the Rats were firmly entrenched in 6th place, with 3 battles against Norths, Manly and Randwick to close out the season. Needing one victory from these three matches, we went down in the dying seconds to Norths, then were blown off the park in the next two matches by teams who simply showed their incredible level of skills and attack capability to close out the season, leaving Rats finishing 7th place for the 2023 season.

Bill Simpson Trophy: 3rd Grade Best & Fairest - Henry Slack Smith

This year has many standouts, with Kurtis Stariha, Andy Lloyd, Jake Reneman and Joey Latorraca leading from the front in the pack, whilst Shannon Lackner controlled the backs with a kicking precision not seen in a 3rd grade outfit, and the likes of Luke Vescio adding some midfield power, and Mitsuhide Matsuyama delivering crisp and quality passes from the base of every ruck. They were led on and off the field by Henry Slack-Smith, who consistently put his body on the line to be our 2023 3rd grade MVP.

Whilst the season did not end in the way we had hoped, the boys of 3rd grade gained a valuable season of learning, earning some great victories and absorbing tough losses. I would like to thank every man who played for the 3rd grade squad this year, many who ended up playing in 2nd and 1st grade throughout a tough season. A thanks must be acknowledged for the the co-coaches of 3rd grade, Mr Alastair Keep and Dr Joshua Gerrard PhD, who upskilled the players in defence and set piece, truly adding valuable capability to each player who made their way to the back fields every Tuesday and Thursday night.

A season like this shows the character of the men who endured it, and those who build from it, will create great stories from their time at Rat Park.

2023: 3rd Grade

4TH GRADE

GUY FRASER HILLS

In many ways Season 2023 replicated 2022. As with 2022, this year saw one of the most spirited and toughest teams we have been privileged to be a part of at Warringah face incredible adversity. But week in week out these men took it up to every team they faced. Unfortunately, there was not a week where we were able to compete with anything close to a full bench. Even in Round 1, in blistering heat, there were only 2 reserves. What was so incredibly pleasing was that the boys only went down to Randwick, the eventual Premiers, with a try after the whistle.

Only three weeks earlier the whole Club travelled to Singleton for a pre-season hit out against Newcastle, with the lower grades having plenty of players to choose from. Out of nowhere, the injury list had WRC resembling Northern Beaches Hospital rather than a rugby club - and the toll consistently climbed from there. By the final round, again against Randwick, the Club had 40 players out across Grade.

Whilst this of course weakens all teams, the final filter ends up impacting 4th Grade the most.

At one stage, 30 minutes prior to kick off, there were 4 players at Coogee Oval. Then 8 magnificent 4th Grade Colts appeared accompanied by a number of 3rd Grade players (who were still in the running for the semis!!) rotating off and on amongst themselves plus one magnificent Randwick player who changed his jersey to ours - and almost won Man of the Match!

In fact, if MoM honours were awarded on slugging off the opposition, he certainly would have won it - you certainly wouldn't have known he was playing against his own Club. Whilst the scoreline was a little different to Round 1, it was in fact better than the performance of the teams that faced Randwick in the final's series!

The most incredible and rewarding aspect of the season was undoubtedly the passion the players have for WRC. Every Tuesday, Thursday and Saturday, every fit and able player turned up ready to give 100% for the Rats, and ready to run out again for 3rd's who were obviously also injury hit throughout the season.

As always, we don't like to single out individuals but a special mention to Aiden Barry-Cotter who deservedly won 4th Grade's Best and Fairest. This in one tough and talented dude!!

Very importantly, a massive shout out and thank you to Nigel Wagstaff. A great Club man who is absolutely invaluable to getting us organised and on the field - don't ever leave mate!

2023: 4th Grade

1ST COLTS

BY BOYD KILLINGWORTH WITH JOSH HOLMES

2023 saw depth was crucial for our 2023 season, we were lucky we had it in spades. 33 different players got to start for Warringah 1st Colts in 2023 with another 14 players getting 1st colts minutes off the bench. This brought the total number of players getting 1st colts experience to 47. Credit goes to the lower grade coaches for preparing these boys who all did an admirable job.

The boys won 17 straight, finishing the regular season 17-1 and well deserved minor premiers.

The boys hard work and dedication was capped off with a memorable victory after time had elapsed in the Grand Final, victors against a talented Sydney Uni side 35-31.

I look forward with eagerness in seeing every player involved in this years colt's program continue in their rugby journey, whether that be moving into grade or continuing to leave your own footprint in the colts program, continue to wear the jersey with pride.

Rugby is a team game but special mention to the following players:

- Joel Kardash who won the team's best and fairest award in a hotly contested field.
- Angus Mawson, leading the competition for points scored.
- Sonny for making his Warringah First grade debut.
- Junior Alatini, making Australian U20s and signing his first full time professional contract with the Brumbies.
- Ned Slack Smith, making Australian U20s.
- Kaia Gate, rookie of the year and leading try scorer in the forwards in the competition.

I would like to thank every coach, manager and player for the countless hours put in towards this team, helping it to be such a successful campaign, it is greatly appreciated.

**2023: 1st Grade Colts
Minor Premiers & Premiers**

2ND COLTS

By Preston Cruickshank

The 2023 season for Warringah Colts started in 2022 and the dedication and hard work early attributed to the success of the Colts program as a whole.

2nds colts has been a rollercoaster of excitement, challenges, and growth. The team demonstrated resilience, determination, and a commitment to their mates throughout the season which delivered great results.

20 games - 16 wins – positive 389 points for and Minor Premiers.

The cohesion among the players was a standout feature of the 2nd Grade Colts this season especially considering there were a total of 50 players that contributed. The team's camaraderie, both on and off the field, fostered a positive environment that translated into strong performances. The coaching staff's emphasis on teamwork, communication, simple things done well and willingness to work hard on and off the field was evident in the players' unity and shared determination to achieve success.

The 2nd Grade Colts faced tough competition throughout the season but demonstrated each game the ability to outwork the opposition and get the job done. There were many notable victories and plenty of points scored but the most satisfying were the close ones we were able to finish off!

Several players demonstrated significant progress, both in their ability and their understanding of the game and it was a highlight for Eric and Preston to see the seasoned players support the young guys on and off the field.

While all 50 players and the whole colts camaraderie contributed to the team's success, a few individuals stood out for their exceptional performances, leadership, commitment and freakish skills. Fin Hurd exhibited outstanding leadership skills with 'follow my lead' performances and supported by the experience of Andy, Aaron, Kai, Thierry, Sam, Rory, Hamish, Noah and Jack Mac. The exciting opportunity for Colts in 2024 is the fact we have 7 players from the 2nd colts grand final side Eugene, Mitch, Tom, Jack, Lachie, Jacko and Jayke all looking to go one better!

2nd Colts Best & Fairest - Fin Hurd

Our set pieces got better and better as the season went on winning clean ball at lineout time and dominating in scrums while the backs scored some freakish tries and showcased their talent from anywhere on the field. There was not a team this year that didn't fear the enthusiasm and punishing commitment the boys displayed in defence and it was a real highlight of our season.

The lessons learned and experiences gained during the 2023 season will undoubtedly contribute to the individuals growth and success in the seasons to come and they have all made mates to remember.

Colts – time of your life!

**2023: 2nd Grade Colts
Minor Premiers & Grand Finalists**

3RD COLTS

By Jack Tomkins

20 games – 19 wins. Minor Premiers

2023 was an exceptional year for 3rd grade colts. After the regular season the boys were 18 from 18 and secured the minor premiership. Unfortunately, the fairytale year just wasn't meant to be and we went down to a well drilled and physical Eastwood side in the semi finals. Regardless of the semi final outcome it was a pleasure to watch the players develop throughout the year and drive a level of standard amongst their own playing group that I am sure will flow on in other teams they play in for years to come.

Whilst 19 wins on the trot might sound like they did it easy that certainly wasn't the case. The boys had to show grit and determination to get over the line in a number of games. A 1 point win in round 5 and a come from behind win against Eastwood in round 9 where two examples of where the boys had to find an extra gear to get the win. Whilst I was not able to keep my cool at all times throughout the season the boys certainly could, and myself and Adam Grant could not have been prouder of the playing group.

Whilst the entire playing group had an exceptional year there were a few particular stand outs that helped steer us around the park and lead by example.

John Toberty was a fantastic injection to the club in his first year with Warringah. He brought a cool head, exceptional skills, work ethic and a fantastic ability to lead.

Liam Taggart was another standout performer. It was my pleasure to coach Liam for the 2nd time and the skill he showed in 2022 further developed and matured in 2023. His silky ball playing and ability to throw double cut out darts was fantastic to watch and I enjoyed every minute.

Cody Grant and Ezra Pukeroa had a lead from the front attitude this year. They worked hard around the park, carried strong and set up great platforms for the team to work off. There is big potential in both these players and I can see a bright future ahead for both. Jack McAllister was in my opinion the standout half in both 3s and 2s for the wider competition. Jack is an exceptionally hard worker and a great leader of the boys. His quality was well noticed and it was a pleasure to watch him get time playing 1st grade colts as well this year. Brogan McCrystal was a safe pair of hands for us at the back this year. He provided security and exceptional skill in link plays. We scored many tries through Brogan in support play.

Our set piece work came leaps and bounds on 2022 and I believe that was a large reason for our success. Lead by Cooper Staunton at hooker out forwards were able to give our very talented back line a solid platform to play off. Our line out work throughout preseason paid off and it was great to watch the callers develop a better rugby brain for call location based on defensive movements.

It was my absolute pleasure to coach 3rd grade colts over the last 2 years. I have been lucky to watch many of the boys develop from quiet timid young lads into leaders of the pack that demand respect from their playing group. I am excited to see some of those same guys lead around higher colts grades in 2024 as I know that with another year under their belt they can be something special.

53! One green one, one white one!

2023: 3rd Grade Colts - Minor Premiers

4TH COLTS

By Todd Marks

Warringah Colts had a record-breaking number of players in 2023, resulting in amazing depth and the ability to field four strong teams throughout the season. This means that Warringah 4th Grade Colts weren't your ordinary side, with some extremely talented and dedicated footballers playing in the team each week.

With this depth, guys who would've normally been playing 3rds or higher at other clubs played in this formidable 4ths line-up. Many of this team got the opportunity to play as high as 2nd Colts with player rotations and injuries and all acquitted themselves well, making the step-up with ease.

Whether they had a game or not, these boys turned up to trainings and games to support their team mates and were the beating heart of the Colts program both on and off the field.

4ths Colts went through the season undefeated in their Subbies competition and then beat almost every other side that opposed them in games outside this comp. They played against other teams stacked with open's players, a representative Country XV and even a combined 2nd Grade/3rd Grade Colts team, narrowly losing the later after being forced to a pack made up of 5 front rowers, a halfback, an inside centre!

Thanks to Mick Barry, Jack Tompkins, Adam Grant, and the whole Colts management team for their support of the team through the year.

We look forward to seeing these players develop as the majority return to Warringah Colts in 2024.

Todd Marks

2023: 4th Colts

RATETTE'S REPORT

By Kyle Nettelton

I had the pleasure of joining and being apart of this team for the first time this season. Joining a program like this, who have been so prominent in the New South Wales women's rugby scene was exciting and daunting. And it was one of the best years of rugby for myself to date. As the coach I was coming into a season later than usual, and we were playing catchup. This was made easier with the group being committed to success and prepared to work hard to get it. The success we wanted came at different times throughout the season.

Our Round 3 win at Rose Bay over the later premiers Easts was a great watch for those there, with the team putting up an impressive performance and notching them out 29-22. This was unfortunately followed by a few character building losses, which put our group back in check for some upskilling and hard working sessions. We came out of those sessions with a changed look and ready to knuckle down for some wins. Those wins came with the squad going three in a row against Sydney University Blue 27-10, Western Sydney Two Blues 22-0 and against West Harbour in a cracking display of attacking rugby 51-14

The following games were a mixed bag of results with it ultimately knocking us out of contention for a place in the finals. Though very disappointing, it did give the team an attitude of all or nothing going into the last two rounds with both being played against the Sydney University teams. Round 13 was against a star studded Sydney University Gold team and the Ratettes put in a performance that would make any coach proud. Going down on the scoreboard but gaining a huge amount of admiration and respect, with our scrum competing at top level and showing a great level of rugby IQ.

The last round of the season had us play against Sydney University Blue at Rat Park on the main field. The team going in for 4 tries and kicking 4 conversions. The game had it all, slick ball play, barn storming runs, excellent set piece and a charge down from captain Paris Ingegneri resulting in a try.

The results of this season does not reflect the true success that was achieved this year. That success is measured by someone like April O'Neil completing her first year of rugby, after being inspired to play watching the 2021 Rugby World Cup or our long list of players with their 1st rep honour.

A season is only successful with good support and I had that in truck loads. With Erin Morton being the backbone of this women's program for many years, I was fortunate to have her alongside me through out the season coaching.

For our S&C we had Hayleigh Gilmour, who in her first team environment did a great job and we really look forward to seeing her develop in the industry. Sarah "ox" Carrington couldn't quite up the green and white on a Saturday yet and was there with a big smile and ready to help in any way she could.

On top of that, we had numerous past players turning up when possible to run the line, fill bottles and support this awesome team.

Just to finish I want to say a huge thank you to the playing group. It was a pleasure to be apart of this team for season 2023 and I am really looking forward to seeing this group develop in the years to come.

2023: Women's

FOWRF REPORT

By Brendan Pattison - Treasurer

The Friends of Warringah Rugby Foundation ("FOWRF") is the supporters group which provides invaluable financial support to Warringah Rugby Club.

What has the FOWRF contributed to WRC in 2023?

- Funded the Rats History Documentary which premiered to rave reviews at the Warriewood Cinema in March 2023;
- Contributed to the cost of rugby/personal development for the First Grade Coach and Captain to visit the Melbourne Storm training;
- Contributed to the upgrade and maintenance of the Rats gym;
- Made a significant contribution to the Rats Rising Program;
- Funded the reintroduction of the newsletter "Rats Tales"; and
- Financial assistance to relocate some of the interstate and overseas players.

The Annual FOWRF/WRC Lunch

The annual FOWRF/WRC Lunch was held in July at the Manly Pacific with over 220 attendees.

The lunch had a "World Cup" theme and we were fortunate enough to have World Cup winning Coach, Rod Macqueen, World Cup winning Captain, John Eales and current Queensland Reds coach, Jim McKay as our guest speakers.

Thank you to everyone who attended.

FOW Player(s) of the Year - Andrew Davies

Warringah Rugby Club would like to acknowledge the loyalty and generosity of the Friends of Warringah Rugby Foundation and thank them for their on-going support. As at October 2023, the current Friends of Warringah Rugby Foundation members were as follows:

JUNIORS

By Alistair Keep - Juniors President

2023 is my final year as District President as I will be stepping down to focus on other areas still within rugby. The past 5 years have been both rewarding and enjoyable for me on a personal level. I have learnt many things about the workings of Junior rugby in the district and broader Sydney. I would like to take this opportunity to thank all the people involved in the WJRU committee of the past 5 years, your support and collaboration has been truly appreciated and this is a dedicated group of individuals to Junior rugby within Warringah.

Total numbers of players across all competitions (15's & 7's) increase of +6.8% 1226 vs 1148 2022 vs. 2023 in Warringah (data from Rugby Explorer) this is largely driven by increased registrations in the Spring and Summer 7's competitions.

In the traditional rugby formats the numbers continue to decline across most age groups, of considerable concern in the low registration in u6 teams in 2023. Currently based on these numbers all village clubs would not be able to field an U10 team in 2028. This area will need to be a focus in the coming months and years ahead to ensure we continue to grow the game.

Some minor movement of players across WJRU clubs in 2023 and the WJRU position stays that we will not stop players moving unless entire teams are folding due to the movement. Once approved at WJRU level the responsibility is still on the village club to send the forms to SJRU for review and approval. The imports panel may decline, and clubs should ensure they have received the required approvals before round 1. The primary goal should be to encourage participation.

I would like to take the opportunity to thank all village clubs' committees and their volunteers for being giving up their time to develop the game we all love. We have many resolute and passionate individuals who give up many hours to ensure all the equipment, gear, fields, lights and early morning BBQ and coffee van are up and running and available.

Minis Report (u6-u9):

The season was completed successfully within WJRU/MJRU for all our mini's and loads of fun was had by all participants. The draw was completed by MJRU for 2023, many thanks. There were more junior referees this season doing mini games, and this was impressive to see. The SJRU help some added inter-district gala days to encourage families to have new rugby experience. This did cause some frustration as draws and locations were often last minute.

During the back end of 2023 the SJRU identified Mini's across Sydney as an area of concern and engaged with clubs and districts to see how the participation of the game can be improved. The ideas included changing days, increase the number of inter District Gala days and the SJRU administering the competition. The final outcomes will be discussed at the SJRU AGM on 24th November 2023. Whatever the outcome, I encourage all WJRU clubs to get behind this initiative as mini's growth in the major priority.

Juniors and Sydney Junior Rugby Union (u10 - Opens):

The first 2 rounds were grading rounds used by SJRU to improve the grading system and this I believe this was beneficial.

The Size for Age was well managed in 2023 with SJRU being more visible at the grading rounds to capture the required data. The draws in 2023 were published in a timelier manner and this a benefit to all involved.

The SJRU season was successful for many teams within the village clubs and the following teams making their respective Grand Final:

- Collaroy u10c, u11a & u16c
- Dee Why u11d & u12c
- Narrabeen u13d
- Newport u10, u14 Breakers, u14 Dolphins, u15 Dolphins, u16 & opens.

In some older age groups WJRU village clubs are struggling to field teams and this is leading to the formation of JV teams.

We should continue to support this in the future so we can have as many kids playing rugby in our district as possible.

Rugby Explorer is the system that must be used for all clubs to register the players (boys & girls, both 15's & 7's) no exemptions and no paper registrations.

Seven's:

Sevens continues to grow in popularity again this format has been very popular with the clubs with stronger numbers than prior year across both boys' and girls' formats and has been well supported by WJRU clubs.

Junior Representative Program:

In 2023 the Junior Representative season for u10 – Opens was completed without any disruption across the June long weekend and in the July, school holidays for the younger age groups. In 2023 WJRU continued develop across all age groups with final placing improving in the majority of age groups and in some instances, results were very close and WJRU teams just ended on the wrong side of ledger in some of the knockout games.

2023 saw the second year of the combined Junior State Championships format from u14 upwards, where the Country Championship was held on the same weekend and the introduction of the Sydney Cup over the first 2 days of the weekend. With the final day being played out for State Championships based on a ranking system for top 8 with finals for the Cup, with a Plate and Bow for teams ranked outside the top 8. After 2 years it seems this format will remain.

WJRU also continues to develop the Girls Representative program and all the participants did WJRU proud and had loads of fun along the way. This sets the groundwork for future years and we continue to build our Girls programme.

Thanks to all the volunteer coaches, manager who dedicate their time to the development of the WJRU Representative programme.

Sevens State Championships:

In 2023 State Championships WJRU sent 5 teams, u13 Boys, u15 Boys and U17 Boys, U13 Girls and U15 Girls. with the u17Boys going undefeated but finishing 3rd after being knocked out on points difference after a semi-final draw with Gordan.

Congratulation to the u15 Boys who were crowned State Champions with a win against Two Blues in final.

WJRU also fielded and u13 Girls and u15 Girls for the first time and yet again setting a platform for future growth of our Girls programme.

I would like to thank all the coaches and managers who have given up their time by volunteering during the season. It is very much appreciated.

I would also like to thank all the sponsors of the WJRU representative program who provide WJRU with the support to be able to invest in gear, equipment and coaching resources. Your support is truly appreciated.

RATS RISING

By Luke Holmes

Two years ago, the Rat Rising Foundation was established with the ambitious goal of crafting an unparalleled junior-to-club rugby pathway within the nation. A steadfast commitment to nurturing local talent—both players and coaches—formed the cornerstone of our mission, aiming to pave the way for a flourishing future for the Warringah Rugby Club. Our strategic vision aspired to establish a sustainable model propelling the Rats to the zenith of Australian Rugby.

Key Priorities:

- Foster the enduring success of Warringah Rugby Club and its players through strategic investments in high-performance rugby programs catering to both male and female athletes.
- Develop essential infrastructure to facilitate pathways for junior rugby players, spanning from Colts and Grade to representative rugby.
- Provide premier coaching resources, training programs, and specialist coaches, encompassing initiatives like training camps, junior academies, and 7's programs.

In 2023, the WRC forged a strategic partnership with the NSW Waratahs, resulting in the creation of a satellite academy. Designed to immerse Junior and Colts-aged players—both male and female—in a high-performance rugby milieu, this initiative aimed to deliver expert coaching across various skill sets, positional-specific training, and strength and conditioning.

The program, targeted at boys and girls aged 13-18, unfolded over the summer in tandem with the senior club preseason, establishing a definitive pathway for aspiring players.

Primary Objectives:

- Establish a sustainable pathway for local male and female players.
- Provide expert coaching and cultivate a high-performance environment for local players.
- Forge a clear pathway to the Waratahs for local players.
- Target pre-Colts-aged players in their final year at school for the upcoming season.
- Collaborate with local public and private schools to create a robust pathway for club rugby.
- Develop and enhance community rugby talent on the Northern Beaches.
- Retain talent from ages 16 and above.
- Provide expert coaching and support to the Warringah Junior Representative program.

The 2023 program yielded remarkable success, with over 30 boys and girls participating, contributing to one of our most triumphant seasons across various competitions. Notably, scholarship recipient Ned Slack-Smith secured representation in the u20s and signed a new Super Rugby deal with the NSW Waratahs. Archie Saunders had a breakout season with the Colts, earning selection in the NSW u19s, Aus 20s, and a contract with the NSW Waratahs.

In addition to our impactful initiatives supporting women and Colts programs and ensuring access to esteemed coaches like Mark Gerrard and James Stannard, we persist in community investment to foster rugby's growth and connection.

Looking ahead to 2024, our High-Performance Academy is set to commence with over 70 participants, the Rats Combine will extend its reach to aspiring rugby players on the beaches, and the Prop Shop—an innovative scrum school—will develop emerging front-row talent while teaching the dark arts of the scrummaging and helping create a safety around these areas of the game.

Discover how you can be part of our exciting initiatives at <https://www.ratsrising.au/>

Ned Slack Smith - Rats Rising Graduate

SPONSORS

Warringah Rugby Club would like to thank all our official sponsors for the 2023 season.

The entire Rats rugby community is forever grateful for your support.

We look forward to 2024 and what is shaping up to be an exciting season ahead.

2024 here we come!
